

TRCCC 28th ANNUAL MEETING

February 25-27, 2026

Seven Springs Mountain Resort, Champion, PA

Forging Ahead in the Era of Immunotherapy

Host: Case Comprehensive Cancer Center

Organizers: Alex Huang, MD, PhD & Jos Melenhorst, PhD

Welcome Address

Gary Schwartz, MD
Director
Case Comprehensive
Cancer Center

IO-mediated Toxicity

Nirali Shah, MD, MHSc
Senior Investigator
Pediatric Oncology Branch
National Cancer Institute

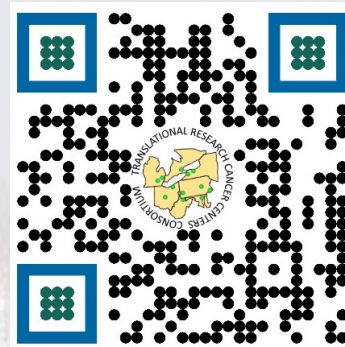

Optimizing Cellular Therapies

Jos Melenhorst, PhD
Director
Cell Therapy and
Immuno-Engineering
Cleveland Clinic

Stanley Huang, PhD
Assoc. Professor
The Ohio State University

Scan for
draft agenda
& registration

Tumor Microenvironment & Microbiome

Marlies Miesel, PhD
Assistant Professor
Immunology
Univ. Pittsburgh

Natalie Silver, MD, FACS
Director,
H&N Cancer Research
Cleveland Clinic

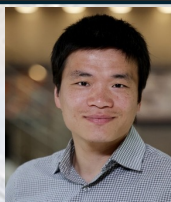

Tullia Bruno, PhD
Assistant Professor
Immunology
Univ. Pittsburgh

Immune Cell Fate, Function & Manipulation

Qiwei Wang, PhD
Assistant Professor
Micro. Immunology
Univ. Virginia

Jiahe Li, PhD
Assistant Professor
Biomedical Engineering
University of Michigan

Andrew Gunderson, PhD
Assistant Professor
Department of Surgery
The Ohio State University

Emerging Science Discussions

- Antigenic Targets
- Cell Fate & Function
- Microbiome & Metabolites
- Nucleotides & Small Molecules

Special Topic Workshops

- Primer on Cell Therapy Trial
- Lay Abstracts with Advocates

Also Featuring:

- Oral & poster presentations for every submission
- Trainee Spotlight
- Trainee Awards
- Advocate Session
- Exhibitors Scavenger Hunt
- Networking opportunities
